Sir,

In reply to your letter of 2d April last, I have the honor to enclose copy of a Yadast and of its enclosures received from the Sub Collector in answer to a reference made to him on the subject in question; from which you will perceive that the lands in the Village of Erichunattum which were cultivated by certain Ryots of Radhapuram belong to the Ayacut of the latter and not of the former Village and that the Teerwah on the land has already been collected in this District up to Fusly 1253. The Tahsildar of

the Right Honorable the Governor in Council the accompanying letter from the Register of Government Grants, forwarding an application on the part of Lieutenant Brunton Commanding Shadnia for a Grant for certain ground situated in the Fort at that place.

2. The ground in question is stated to be situated "in the centre of the Fort of Shadnia" and to the eastward of two Cannon in that and as the Board entertain doubts with respect to the propriety of issuing Grants for lands so situated, they beg leave to recommend that the subject of the present application in particular, and of issuing Grants under such circumstances generally, may be referred to the proper Military Authorities, for the purpose of ascertaining whether any objection exists to a compliance with applications of this description.

3 In the list of applications herewith submitted it is stated that the ground was enclosed on the 1st August last. the Board, therefore, think it necessary to observe that

that it appears to them to be irregular to enclose, or to adopt any form of taking possession of ground belonging to Government, before permission to occupy it has been granted.

Gentlemen,

With reference to your Secretary's letter of the 21st of October last (#444) I am directed, before the application for a grant of ground which accompanied it is sanctioned, to transmit for your consideration the accompanying copy of a letter from the Military Board reporting their opinion on the points stated in the 2d paragraph of your Secretary's letter above referred to.

Honorable Sir,

1. We have the honor to acknowledge the receipt of a letter from the Secretary to Government in the Revenue Department dated the 26th ultimo referring for our consideration and report a copy of a letter from the Secretary to the Board of Revenue respecting an application for a grant of ground of considerable extent within the Fort of Madras, and generally all applications for grants of ground under similar circumstances.

2. On this reference we have the honor to state as a general principle that the grants of ground to Officers should be limited to the scale laid down in the G. O. Government dated 15th March 1816. Particular local circumstances may render a strict adherence to those limits unnecessary, but as the residence of Officers at any particular Station for a continuance must at all times be uncertain

uncertain, they should not in our judgement be allowed a greater extent of ground than may be necessary for their individual habitation.

3 We state this in a general point of view, but cases may arise where Officers might be desirous of employing their leisure hours in the cultivation of Gardens, and if a portion of ground could on special application be granted without injury to the Revenue or to the more immediate wants of the Native subjects of Government it might possibly be admitted, the grants being reclaimable by the Government at all times.

To Chief Secretary to Government

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of a letter from the Secretary to Government in the Revenue Department under date the 13th Instant transmitting for

for their consideration a copy of a letter from the Military Board reporting their opinion on the points stated in the 2d Para of the Board's letter of the 21st October last.

2 On reference to the 5th para of the Board's letter above mentioned the Right Honorable the Governor in Council will perceive that the object which the Board had in view in recommending that Lt. Brunton's application for a piece of ground should be referred to the proper Military Authorities was to obtain their opinion with respect to "the propriety of issuing grants for land so situated" namely "in the centre of the Fort of Madura."

3 This particular point the Military Board have not adverted to, but have confined their remarks to the subject of the extent to which the occupation of ground by Military Officers under certain G.O. by Government is restricted.

4 Under these circumstances the Board beg leave to state that they would not consider themselves justified in

in recommending the grant of a Grant to Lieutenant Bunton until they are favored with the sentiments of the Military Authorities on the particular point above specified.
